I inform all that appear a new version my program

DXCC_XML_LIST.EXE version 1.0.9 at 17.10.2015 year

In this release I do the following changes
- Enhnced ..dll library module for DXCC list for a new features
- Enhanced message which appear as a result appear a new version of
   the program. Now this message contains a link after clicking on which we
  will immediately directed to the site downlading the files
- now in the program header line appears the inscription indicating the version of the program
such as V .1.0.9.
