Because many users have many problems with setting up an account
I decided to describe here exactly how the process of creating an account on fudforum with pictures is going

First, log into the fudgetum by clicking this link

<http://sp9auv.com/fudforum>

On the page, select the button

Then, you must approve the rules that apply to the forum

Data for the account should contain

Press the Register button.

Now appear this picture

Now for your email arrive this post

it informs you that this e-mail what you receive contain the link and code (it is only for you)
to which you must click to confirm create account . By clicking on this link you will be taken to the fudforum

Press the button DONE.

Now, I as an administrator, will receive e-mail, that the new user has created account and I should approve it

Please note that from the moment when you press the button DONE and my reaction may pass some time, because I do not check my email every 1 minute .

As soon as I approve the account, YOU will receive a new e-mail with your content

There are in polish language. It inform you that your account was apprved by administrator.

From here you can log in to your account and write posts on fudforum

Best regards de SP9AUV
